Smoothie Red

KIWI AND APPLE JUICE AND PULP

Organic/Italian product

Kiwiny Red Smoothie is the soft drink that any doctor would recommend: **the pulp and juice of organic kiwis and apples**, liquidized to a perfectly-balanced mixture of taste and nourishment.

Apples are traditionally considered the ideal fruit for people of all ages, owing not only to their fresh, sweet flavour, but also to their multiple nutritional benefits: **vitamin B1 and B2, fibres and antioxidants** to fight fatigue, lack of appetite and premature ageing, and to strengthen hair and fingernails.

With its wealth of **vitamin C** from kiwis and nutritional benefits from apples Kiwiny Red Smoothie is highly digestible – the perfect drink for all seasons. Few calories and lots of energy in a light, flavoursome drink you can carry wherever you go.
