Jam Red

KIWI AND APPLE EXTRA JAM

Organic/Italian product

Kiwiny Red Jam is a spreadable delicacy based on 100% organic kiwis and apples.

The perfect balance of these two fruits, rich in beneficial properties and sweet, fresh flavour, gives life to a healthy and tantalizing product favoured by adults and children. Exquisite with fresh and mature cheeses; an ideal ingredient in delicious jam tarts.

A potent remedy against premature ageing and free radicals, apples are also highly effective against “bad” cholesterol and heart disease, while kiwis offer a wealth of vitamin C, fibres and mineral salts: a powerhouse of benefits with a sweet and natural flavour.

Kiwiny Red Jam is a healthy and tasty choice for a sweet break at any time of day.

INGREDIENTS

Kiwiny Jam “Red”: organic Kiwi puree 30%, organic Apple puree 38%, concentrate organic Grape juice 31%, pectin 1%
